### **AFRICAN CULTURE AND VALUES - SciELO**

Culture is to be understood as the way of life of a people This presupposes the fact that there can be no people without a culture To claim that there is no society without a culture would, by implication, mean that such a society has continued to survive without any form of social organisation or institutions, norms, beliefs and

### **Why research is important**

- the role of research in our culture/society
- the reactions that clients and therapists might have if asked to take part in a research study
- your own barriers and motivators around learning more about research

A pragmatic definition of research A useful working definition of research is: a systematic process of critical

### **Cultural Value and Inequality: A Critical literature Review**

whether culture is a resource used by those from different status groups (Goldthorpe 2007), whether culture is a type of capital related to class positions (Bennett et al 2009, Savage et al 2005), or whether culture is better understood as more directly constitutive of social positions such as class (eg Savage et al 2013, 2014)
